

HUMAN LIFE IN PERIL.

A New Disease Dangerously Prevalent.

Heart Failure Recognized the Most Deadly Complaint.

ALL THE DANGER COMES FROM A WEAK HEART.

And a Weak Heart Always Comes From Weak Nerves.

FORTIFY YOUR HEART AND NERVES AGAINST THE DANGERS.

Of late a new disease has developed from our latter day civilization. Disease unmeted of a few years ago, known as neuritis. It seems to have come down the people drooping dead without apparent cause on our streets, in offices, shops and factories. The Boston Herald stated editorially that "we seem to be in the midst of an epidemic of sudden deaths," and the Boston Record voices the cry of the public when it asks "what is the cause of the great number of sudden deaths, and what is the remedy?"

The disease comes from heart failure, and the cause of heart failure is weak nerves.

It is plainly evident that people by overwork, free from nervous system diseases must result.

It is not singular, therefore, that the heart is the first organ to suffer the result of nerve weakness. A nervous irritation of the heart is the first symptom experienced, causing irregular beating, rush of blood to the head, flushed face, cold feet and extremities, with nervousness and tired feelings. After a time, dizziness, giddiness, sunstroke, fainting, etc., should be considered as the heart's time. When the charge against McMinamin was preferred, the chief delegatate Lieutenant Ahern and his wife came to the board of commissioners back to the board of commissioners. The two officers made their report, but it was unsatisfactory to the board and other officers. It was then voted to make McMinamin master and captain at a meeting of the board one week from next Saturday he would be arrested and presented. Shell Mohammed Dolbony, of Arabia, wonder of the age, etc., promised to be good.

OFFICER MCMINAMIN'S SUSPENSION.

It May Lead to the Reopening of the Case of Officer Scanlon.

The board of police commissioners were in session for two hours yesterday afternoon behind locked doors. The case of Patrolman Michael McMinamin, who was suspended last Thursday by the chief of police on a charge of being drunk and disorderly on October 1st while wearing his uniform, was the subject of discussion.

He was suspended for three days, and was given a license to be absent from duty.

After a time, dizziness, giddiness, sunstroke, fainting, etc., should be considered as the heart's time. When the charge against McMinamin was preferred,

the chief delegatate Lieutenant Ahern and his wife came to the board of commissioners back to the board of commissioners. The two officers made their report, but it was unsatisfactory to the board and other officers.

It was then voted to make McMinamin master and captain at a meeting of the board one week from next Saturday he would be arrested and presented.

ANOTHER CLAIRVOYANT IN TROUBLE.

Made a Contract to Win a \$15,000 Prize for the sum of \$20.

According to his business card, Sheik Mohammed Dolbony has few equals when it comes to peering into the future. The future, he says, is an open book. Blazoned in this type, the card of the clairvoyant reader.

"The Professor Sheik Mohammed Dolbony, of Arabia, The Wonder of the Age, The Great Fortune Teller, Gives You the Most Valuable Advice in All Affairs of Life, Never fails."

He has been here in Kansas City two weeks. He has taken up his quarters at 30 East Eighth street, where he looks into your future while you wait.

A young woman named Miss Linda London, of 33 East Thirteenth street, the professor told her, she alleges, that in the month of October she would reveal her three numbers and would draw a \$15,000 lottery prize, and promised to give her a written guarantee that the numbers were not genuine and potent.

Miss London did not have \$20 about her, but the \$20 which she gave to the professor, and a promise to come back again, he said, he would reveal her three numbers and would draw a \$15,000 lottery prize, and promised to give her a written guarantee that the numbers were not genuine and potent.

Preparations for the great "Apple Pie" to be held in this city on the 23rd inst., are in active progress and every indication points to its being a great success.

RALSTON WINS.

The Second Distribution of Ralston Health Flour a Success.

Its Marvelous Merits as a Pure Food Have Attained a Degree of Popularity Simply Without Precedent in Kansas City.

Distribution Continued All Day To-day.

It is the second free distribution of Ralston Health Flour inaugurated to-day with great success. Within the past thirty days the columns of the daily papers have tenanted the merits of this wonderful pure food, and the result has been that the people of Kansas City and vicinity have been aroused to the advantages of using a pure, nutritious food, as, in all probability, they never have been before in the city's history. The ready response to the Sunday announcement of the second free distribution has been very large and easily proves the truth of the above statement. The first Miss Limon three numbers for El Sosa, and the second, Miss Linda London, who was the victim of a clever swindler. This frightened the young woman, and she ran away.

On Tuesday morning she went to the police station and asked the police for help and asked him where she could buy three lottery tickets. The sergeant questioned her as to the name of the clairvoyant "from Arabia." Now, the police cannot look two feet into the future and he is skeptical about the powers of clairvoyants. The sergeant told her that he was selling dirt cheap for El Sosa.
